ATHLETICS PROGRAM

The California Interscholastic Federation (CIF), our state's governing body for high school athletics, has announced that fall season sports will be delayed until 2021 because of the COVID-19 pandemic. The revised high school calendar includes two seasons, Fall and Spring, and will incorporate all of the sports typically played over three seasons (fall, winter, and spring). Pomona Catholic's athletic calendar will be determined by CIF's Southern Section office and will include regular season start and end dates, as well as section playoff dates. For the most up-to-date information, we encourage our student-athletes to visit the CIF-SS website.

PHILOSOPHY: EDUCATION THROUGH ATHLETICS

The PC Athletic Department philosophy is rooted in the concept of education through athletics. Those engaging in athletics will develop valuable skills to grow first as people, then as students, and finally as student-athletes.

VISION STATEMENT: CREATE THE CULTURE

The PC Athletic Department seeks to create a culture that inspires, motivates, and challenges all participants to leave their environment in a better place than how they found it.

MISSION STATEMENT: CREATE THE ENVIRONMENT

The PC Athletic Department will work daily to create a professionally run performance environment that readies our student-athletes to excel with their God given abilities. The lessons learned through athletics will supplement the areas Pomona Catholic values.

EXTRACURRICULAR ACTIVITIES

STUDENT LIFE GROUPS

The bond created among students at Pomona Catholic can only be described as a "lifestyle" uniquely ours. We recognize that our students have a blend of talents and God-given gifts. As a result, we take pride in providing different avenues for all our students to nurture those talents and translate them into meaningful experiences that last a lifetime.

CHRISTIAN SERVICE

Our Catholic faith teaches that after God, people must come first. Jesus clearly emphasized that our neighbors are to be loved, and our neighbor is every man, woman and child, but most especially those in need. The true measure of a society's greatness is how it cares for its weakest and neediest members.

COMMUNITY

Though students cannot physically be on campus, our teachers, club moderators, program directors, and coaches will provide virtual activities and events to keep them engaged and connected. We understand the infinite advantages of a supportive school family and will work to minimize the distance this pandemic has created by providing meaningful and memorable experiences that bring our community together.
